The state of the s

The state of the s Author of several fundamental works in the domains of comparative philology and ancient history - The Thraco-Dacians', Language (Bucharest, 1959); The Illyrians, History, Language and Onomatology, Romanization (Bucharest, 1969); Autochthanous Elements in the Romanian Language (Bucharest, 1970); The Thraco-Getic Elements in the Roman Empire and in Byzantium (3rd-8th c.) (Bucharest, 1976) : The Ancient Inscriptions, in Dacia and Scythia Minor (vol. I The Inscriptions of Roman Dacia, I, 1975 111/1-1977, 111/2-1980, 111/3-1984): The Romanians' Ethnogenesis. The Autochthonous Thraco-Dacian Stock and the Latin-Romance Component (Bucharest, 1981) - I. I. Russy made highly important contributions in the contemporary Bomanian historiograph to the settlement of various problems of Dacian and Daco-Roman toponymy, etymology and onomatology, connected with the military, political and cultural history of the Dacians and of the Roman Province of Dacia, with the establishing of the autochtho. nous Thraco-Dacian stock of the Romanian language, All these were intended to demon strate as proved by his recent work The Romanians' Ethnogenesis - the process of genesis and development of the Romanian people in the space bordered by the Danube river, the Carpathian mountains and the Black Sea.

bibliological, press and linguistic proofs), establishing their type, specific and basic trails.

The Szecklers, an ethnical group of Magyar expression, gradually settled down in the eastern part of Transylvania, beginning with the 12 th - 13 th c., occupying in seven the control of the con ral stages in the name of the military interests of the Hungarian Crown - a territory

with numerous indigenous Romanian settlements.

Between the colonists, well organized from the military point of view and sharing Between the colonists, well organized from the military point of view and sharing between the colonists, well organized privileges and the native Romanians, multithe rulers' religion and juridical-economic privileges, and the native Romanians, multiple economic, social, political and military relations were established and developed for centuries. The essential aspect of these old, close relations consists in the Magyarization and disappearance of a considerable part of the Romanian population into the Szecklers.
