toging of the figure of the section Author of several fundamental works in the domains of comparative philology and ancient history - The Thrace-Dacians, Language (Bucharest, 1959); The Illyrlang History, Language and Onomatology, Romanization (Bucharest, 1969); Autochthanou, Elements in the Romanian Language (Bucharest, 1970); The Thraco-Getic Elements in the Roman Empire and in Byzantium (3rd-8th c.) (Bucharest, 1976) : The Ancient Inscriptions, in Dacia and Scythia Minor (vol. I The Inscriptions of Roman Dacia, I, 1975, 111/1-1977, 111/2-1980, 111/3-1984): The Romanians' Ethnogenesis. The Autochthonous Thraco-Dacian Stock and the Latin-Romance Component (Bucharest, 1981) - I. I. Russy made highly important contributions in the contemporary Romanian historiograph to the settlement of various problems of Dacian and Daco-Roman toponymy, etymology and onomatology, connected with the military, political and cultural history of the Dacians and of the Roman Province of Dacia, with the establishing of the autochtho nous Thraco-Dacian stock of the Romanian language, All these were intended to demon strate as proved by his recent work The Romanians' Ethnogenesis - the process of genesis and development of the Romanian people in the space bordered by the Danube river, the Carpathian mountains and the Black Sea.

of the phenomena of ancient history with the study of the phenomena of more recent times with his work. The Romanians and the Szecklers contributing a new theme to the content. porary historiography. The scholar, both a historian and a philologist — qualities well knit together in his personality examines the ethnical relations seen through the prism of the political, economic, cultural, religious and linguistic ties — established bet ween the Magyar Szeckler population, in the south-eastern part of Transylvania (the so-called Szecklers' zone, and the Romanian population, through the prism of most different types of proofs (archaeological, epigraphic, juridical, ethnographical, archive bibliological, press and linguistic proofs), establishing their type, specific and basic trainibibliological, press and linguistic proofs), establishing their type, specific and basic trainibibliological, press and linguistic proofs of Magyar expression, gradually settled down

in the eastern part of Transylvania, beginning with the 12 th-13 th c., occupying in seven ral stages in the name of the military interests of the Hungarian Crown - a territory

with numerous indigenous Romanian settlements.

Between the colonists, well organized from the military point of view and sharing Between the colonists, well organized from the military point of view and sharing Between the colonists. the rulers' religion and juridical-economic privileges, and the native Romanians, multiple the rulers' rengion and tortunear remaining the relations were established and developed for a conomic, social, political and military relations were established and developed for a conomic. The essential aspect of these old, close relations consists in the Magyarization and disappearance of a considerable part of the Romanian population into the Szecklers.

mass. The demonstration made by the author of the book is directly linked to the poly.

The demonstration made by the author of the book is directly linked to the poly. tical-national phenomenon of alienation of groups or individuals, a process which was not a mere anthroponomical borrowing, but actually a massive borrowing of people not a mere anthroponomical borrowing, but actually a massive borrowing of people not a mere anthroponomical borrowing. from the Romanian social-ethnical and linguistic community to the Magyar (Szeckleys) community, which he called "a modest act of restoration of truth, of reparation". With community, which he cancer a modest act of restriction of the sources used by the author, particularly documentary sources coming the help of the sources used by the author, particularly documentary sources. tne neip of the sources used by the author, particularly Miko, L. Wohlgemuth, Benko from authors like D. G. Scheint, E. A. Bielz, Miklos Miko, L. Wohlgemuth, Benko from authors like D. G. Scheint, B. A. Bard, Minkally P. Leftk, & C. Kozma F. Franz V. Löher, Balogh P., Orbán B., Hunfalvy P., Long, the reader can often see the way in which the Romanians, although formerly in large number reader can often see the way in which the romanians, atthough to a considerable even in the Szecklers' zone, are gradually denationalized and assimilated, to a considerable even in the Szeckiers zone, are grauuany uppartonant and any system of Magyarization - hall extent, into the mass of the Szeckiers' population. The policy of Magyarization - hall extent, into the mass of the Szeckies population, the access to functions and high offices in the political administrative apparatus, to the mystification of the official registration
